

### Improve patient care by sizing, post-processing, and DICOMizing videos for archiving in PACS and VNA.

Use Vertex Video to create video snippets and single-frame images from DVD DISCs and video files. Convert it all to DICOM for PACS and VNA storage.

#### Process Stored DVDs

Empty the DVD cabinets. Size, edit, and convert the content for archiving in PACS and VNA.

#### Convert and Store Existing Video Files

Use Vertex to edit and convert popular video formats (3GP, ASF, WMV, AVI, MPEG, VOB(DVD)) to DICOM.

#### Flexible Formatting

Store converted videos in DICOM format, compatible with your PACS/VNA (multi-frame and/or MPEG4)

#### Appropriately Sized Video

To minimize storage requirements Vertex Video software allows you to configure frame rate, transfer syntax, color space conversion, and auto split.

#### Video Processing Profiles

To minimize error and improve efficiency, multiple profiles are preconfigured for processing videos and various workflows.

#### Consistent DICOMization

Configure department information, and create pre-defined study and series descriptions, ensuring data integrity when creating new studies.

#### HIS Friendly

Add procedure codes to pre-defined study descriptions to ensure proper billing and reimbursement

#### Client Access Control

For security and regulatory purposes, individual users, groups, or workstations can be configured to have access to incoming devices and destinations.

# Vertex Platform

Medical imaging made easy- the most affordable, scalable medical data systems

Cloud-brokered medical data sharing

Automated DICOM CD burners plus CD importing

Post-process and convert exiting video files to DICOM

Compact, economical video recorder integrated with Vertex Video

Add Paper Film, Digital Images and Documents to PACS- scan paper or film and include images and documents in studies

Reconcile Incoming DICOM and Proprietary Studies- Import DICOM and proprietary data from CDs and removable media

Manually send to local CD burner, removable media, and drives

Securely send studies using DICOM TLS with no VPN

Scheduled, Intelligent routing to any device

## REVIEWER

Manage internally and externally generated DICOM and non-DICOM medical images within your role and workflow with Reviewer.

### Reviewer CD

View and browse files on every CD (DICOM and proprietary) with this easy-to-use, FREE DICOM viewer software

### Reviewer MD

Burn, view, store, import, and share studies from a variety of sources; send to a printer or create an encrypted DISC on the fly

### Reviewer Admin

View, import, burn, share, scan, re-identify, encrypt, and MORE; do it all with this Master Edition
