vertex CD

Vertex CD and Enterprise CD - the latest automated DICOM CD burner software technologies

IT pioneered by Sorna to simplify enterprise imaging. The Vertex family of recording systems targets every production level and budget. Stand Alone or Enterprise configurations and a large array of affordable inkjet or thermal CD / DVD burning solutions to meet the needs of each department within your healthcare facility.

Easy to Learn and Use
With a single screen and drag-and-drop functionality, Vertex significantly simplifies the user experience and accelerates operator training.

Import DICOM and Proprietary DISCs
Transparently import poorly formatted and proprietary DISCs into your PACS- eliminating the need to re-scan a patient or request another DISC.

Attended Operation
Operators can complete multiple tasks simultaneously for maximum production.

Encryption
Four Methods Secure DICOM and FIPS 140-2 conformance.

Installation-Free Client Deployment
Click-once deployment technology minimizes IT requirements and streamlines the workstation installation and maintenance process.

DISC-Embedded Viewing
Developed in-house, our intelligent and easy-to-use embedded viewing software improves your referring physician and patient experience.

### Integration with Existing Hardware
Maximize your current hardware investment through a seamless integration with all industry-leading auto loaders.

PACS Integration and Support
Developed to easily connect with your PACS in minutes, reducing installation cost.

Automated Workflows
Vertex handles numerous jobs concurrently, substantially reducing production time and enhancing efficiency.

Enterprise CD includes Vertex CD features plus...

Centrally Manage All CD Burners
Securely and conveniently setup, configure, and access multiple CD burners.

### Separate CD Burners from the Server
Achieve enterprise-wide CD burning by physically separating CD burners from the server (run Vertex on a VM).

Easy Job Tracking
Single database tracking all activity across the enterprise

Enterprise Access to All Vertex Applications
Access all permitted Vertex Platform applications with a single-server login.

Vertex CD Burner System Package*
Enhance your facility's efficiency with Vertex's cost-effective DICOM CD burning systems - for any production level and budget

* Multiple CD Burner options available
