

# Automated DICOM CD/DVD/USB Production and Importing Software

## Vertex CD+ and Enterprise CD+ - DICOM CD, DVD, and USB burner software technologies

IT pioneered by Sorna to simplify enterprise imaging. The Vertex family of recording systems targets every production level and budget. Stand Alone or Enterprise configurations and a large array of affordable inkjet or thermal CD/DVD/USB burning solutions to meet the needs of each department within your healthcare facility.

### Easy to Learn and Use

With a single screen and drag-and-drop functionality, Vertex significantly simplifies the user experience and accelerates operator training.

### Import DICOM and Proprietary DISCs

Transparently import poorly formatted and proprietary DISCs into your PACS- eliminating the need to re-scan a patient or request another DISC.

### Attended Operation

Operators can complete multiple tasks simultaneously for maximum production.

### Encryption

Four Methods Secure DICOM and FIPS 140-2 conformance.

### Installation-Free Client Deployment

Click-once deployment technology minimizes IT requirements and streamlines the workstation installation and maintenance process.

### Embedded DICOM Viewer

Developed in-house, our intelligent and easy-to-use embedded viewing software improves your referring physician and patient experience.

### Integration with Existing Hardware

Maximize your current hardware investment through a seamless integration with all industry-leading burners.

### PACS Integration and Support

Developed to easily connect with your PACS in minutes, reducing installation cost.

### Automated Workflows

Vertex handles numerous jobs concurrently, substantially reducing production time and enhancing efficiency.

### Enterprise CD + includes Vertex CD+ features and...

#### Centrally Manage All DICOM Burners

Securely and conveniently setup, configure, and access multiple DICOM burners.

#### Separate Burners from the Server

Achieve enterprise-wide CD, DVD, and USB burning by physically separating all burners from the server (run Vertex on a VM).

#### Easy Job Tracking

Single database tracking all activity across the enterprise

#### Enterprise Access to All Vertex Applications

Access all permitted Vertex Platform applications with a single-server login.

### Vertex DICOM Burner System Packages\*

Enhance your facility's efficiency with Vertex's cost-effective DICOM CD, DVD, and USB burning systems - for any production level and budget
